

Fuencaliente de La Palma

Fuencaliente

English edition

Updated on 10 September 2026

It is one of the most interesting places on the island of La Palma. Its landscape contrasts make every corner magical. Admiring its volcanic lands, the blue of the sea, the white of the salt and its natural pine forest make a great picture of great beauty. Not only is it beautiful, its gastronomy is rich in wines with a volcanic flavor, its typical sweets made by the best hands and its Canarian dishes made with a great culinary inspiration, invites us to close our eyes and fly around every corner of the municipality.

As great accomplices and defenders of the sky, this great resource that we have the right to admire, this town has been declared Starlight Municipality in 2020, by the Starlight Foundation, which has concluded with a wide tourist activity of great potential as astrotourism in this small spot of the Atlantic.

With all this, welcome you to Fuencaliente de La Palma!
