

Fuencaliente de La Palma

Transvulcania Walk of Fame

English edition

Updated on 10 September 2026

The Transvulcania Walk of Fame pays tribute to the men and women who since 2016 have climbed to the top of the podium of the best and largest sporting event on the island, inaugurated for the first time this sporting event in 2012. The Transvulcania runs the different landscapes of the island, known as the Bastón route, considered one of the hardest mountain races in the Canary Islands and one of the most important in Spain. Although it must be emphasized that they are the same spectators who cheer from the beginning to the end of the 74.6 km of route that the runners must complete. It is undoubtedly a very special ultratrail for those who enjoy this sporting event.
