

Fuencaliente de La Palma

Cultural Points of Interest

English edition

Updated on 10 September 2026

Churches, interpretation centers, crafts, lighthouses and other places of cultural interest.

Discover the route

Churches, interpretation centres, crafts, lighthouses and other places of cultural interest in the municipality. Three churches: San Antonio Abad in Los Canarios, the circular chapel of Santa Cecilia in El Charco, the only one of its kind on the island, and the church of Las Indias, built by the residents themselves. The centres that explain the territory: the San Antonio Volcano Visitor Centre, the Marine Reserve centre in the old lighthouse and the Ocean of the Future centre, opened in 2025. The wine heritage, with the tea-wood wine press, the Wine Fountain, the Monument to the Winegrower and the Regulatory Board. And the memory: the Roque Teneguía with its aboriginal engravings, the lighthouses and the salt pans, the Walk of Fame and the cultural centres of each village.
